Artist's Website_____

Displaying status allows the artist to exhibit their work in Art on 12 and have their work sold by the gallery. Art on 12 does not require exclusivity. The artist is free to display in other galleries and shows.

The artist may select from 2 different arrangements of workdays:

- o Two workdays per month at a 20% commission
- o One workday per month at a 30% commission

The artist will pay the gallery for wall space to display their work. The gallery will help to curate and hang the work. Wall space is rented by the linear foot and is priced at \$15.00 per linear foot, by the month.

Jewelry and small sculptures may be displayed in cases. The rent for a full case is \$75.00 and for a half case \$40, by the month.

Pottery and larger sculptures may be displayed on a tabletop or pedestals. Gallery management will discuss prices based on the footprint of the work.

Space rental payment is made on a month-to-month basis. The rent is due at the beginning of each month. The artist is expected to give a 30-day notice if they decide to leave the gallery.

The artist should send 4-5 images of their work to the gallery's email. Please include an Artist Statement and any other information you would like to share about you or your work. The application will be judged on the quality of the work, appropriate pricing, and the artist's background and ability to work.
